

## Rainsmart Stormvault - Modular Tank Comparison

Rainsmart Stormvault is equivalent to the leading modular stormwater tanks (GRAF Ecoblocs and ACO StormBrixx) but is a more cost effective option that has been used as an alternative to GRAF and ACO on multiple installations of our system since its introduction to the market.

As a direct comparison to GRAF and ACO please find a summary below:

### **Strength:**

Rainsmart Stormvault is equivalent in strength to GRAF Ecobloc and Aco Stormbrixx.

In the third party load testing (links to reports below);

[Rainsmart Stormvault Vertical Compression Test Report.](#)

[Rainsmart Stormvault Lateral Compression Test Report.](#)

it shows Rainsmart Stormvault is very similar to GRAF and Aco in regard to vertical loading and is much stronger with lateral loading. Please contact GRAF and Aco for their third party testing results if you would like to compare.

### **Warranty and Design Life:**

- Rainsmart offers a [15 Year Warranty and 100 Year Design Life](#) on the Rainsmart Stormvault.
- GRAF offers a 5 Year Warranty on GRAF Ecobloc.
- Aco offers a 6 month Warranty on AcoStormbrixx.

### **Storage Capacity and Footprint:**

DS Group can offer a configuration of Rainsmart Stormvault to replicate the storage capacity and footprint of the specified tank as closely as possible.

For additional information and pricing on your Stormwater Tank Project please contact DS Group and we would be happy to assist.
